

PRELIMINARY ALLOCATIONS

ROBERTI-Z'BERG-HARRIS (RZH)

BLOCK (PER CAPITA) GRANT PROGRAM

PURSUANT TO PROPOSITION 40 (2002 RESOURCES BOND)

The Department of Parks and Recreation has prepared preliminary allocations for Roberti-Z'Berg-Harris block grants under the California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002 (2002 Resources Bond). Estimates are based on agencies that are currently eligible for funding under the 2000 Park Bond, and are the same as the allocations for the 2000 Park Bond. **These preliminary allocations should be used only for rough estimating of what your jurisdiction will receive under the 2002 Resources Bond since the factors below will impact final allocations:**

- The populations used to determine these preliminary allocations are from the Department of Finance E-1 Report as of January 1, 2000 that was used for calculations for Proposition 12 (2000 Park Bond). These preliminary allocations for the 2002 Bond Act RZH block grant program will need to be revised with updated populations as of January 1, 2002.
- The following calculations are based on eligible cities and districts for the 2000 Park Bond and do not reflect new cities or districts that may have become eligible since January of 2001.
- All potentially eligible jurisdictions and the California Department of Parks and Recreation will have until April 1, 2003 to resolve all eligibility and jurisdictional overlaps as required by the 2002 Resources Bond.
- For the 2000 Park Bond the most recent verifiable census data was the "Urbanized Areas" maps produced by the Bureau of the Census, an agency of the U.S. Department of Commerce, and based on the 1990 U.S. Census. The next update of these maps will be based on the 2000 Census and may be available in early 2003, potentially in time for determining eligibility for this program.

An "urbanized area" consists of a central city or cities and surrounding closely settled territory, as determined by the Department of Finance on the basis of the most recent verifiable census data. The most recent verifiable census data is the "Urbanized Areas" maps produced by the Bureau of the Census, an agency of the U.S. Department of Commerce, and based on the 1990 U.S. Census. (The next update of these maps will be based on the 2000 Census, but will not be available until late 2002 or early 2003).

Heavily Urbanized Program

\$10,580,000

Rate for Allocations: \$0.46 per capita.

To be eligible a county or regional park district must have a population of 1,000,000 or more.

Note: A county with no allocation is the result of an overlap with a district that operates and manages park and recreational areas and facilities for that population.

All populations are estimates as of January 1, 2000. Populations of city and county are based on the City/County Population Estimates Report E-1 prepared by the California Department of Finance and released May 3, 2000. Populations of districts are estimates based on the most recent verifiable census data and other population data that were furnished to the Department. Sources of population estimates for districts included County Planning Departments, Council of Governments or Association of Governments, Local Agency Formation Commissions, and County Registrars.
